## Adult/Geriatric Neuropsychologist Position at California Brain Health Center

We are excited to announce **two new positions** (one-full time position and one half-time position) for an adult/geriatric neuropsychologist at our growing group private practice, California Brain Health Center (CBHC)! The main office is located in Mill Valley/Sausalito with a satellite office in downtown Napa, and additional plans for expansion in progress. Primary referrals include outpatient neurology and primary care. Marin County has one of the oldest populations in the country, and as such, a significant proportion of patients present with various dementia syndromes (Alzheimer's disease, movement disorders, and stroke are most common). TBI, ADHD, epilepsy, and cancer-related cognitive impairment are other common diagnoses. Additional opportunities for cognitive rehabilitation and/or psychotherapy are plentiful.

At CBHC, we place a high value on providing a supportive, friendly, and fun work environment. Our goal is to do our best work, make a good living, and enjoy the process! Benefits of this position include, but are not limited to, competitive compensation, flexible scheduling, diverse patient population, support for continuing education, and fun and collegial workplace.

If interested, please send your CV to **[info@californiabrainhealth.com](mailto:info@californiabrainhealth.com)**. We welcome all applicants, including from those who will be completing postdoctoral residencies in 2023. Additional information about the practice can be found at [www.californiabrainhealth.com](http://www.californiabrainhealth.com)
